

Cleaning Your Outside Spaces Lawns

Maintaining your home also includes the space that is outside. Keeping the outside space free from clutter, rubbish and disposable items provides a safe area for you and your family and friends to spent time with each other.

- Remove all toys, balls and other items such as rocks, bones from a dog and rubbish before you mow your lawn. As objects can easily fly up into the lawn mower and cause harm to you or anybody nearby, or your home if they get caught and are thrown up in the air.
- If you do not have access to a petrol mower, and you have a small lawn space, you can use a handheld, push, lawn mower, these are just as effective.
- Using a petrol mower is quick and easy way to mow your lawns; maybe you can borrow one from a family member or friend.
- Some community centres let you borrow a lawn mower.
- Make sure the mower is in good working order and is safe to use.
- Always wear covered shoes to protect your feet.
- Use the lawn mower as intended and as per the instructions to keep you safe and to make sure you do the best job of your lawns.
- Use a lawn mower at appropriate times of the day, as they are very noisy, so remember your neighbours.
- Sometimes you can ask a real-estate agent if they have a gardener and contact them to make an arrangement to pay a little extra per week, to have your lawns mowed. Ask your landlord today.
